

Members of the Global Dialysis Members Club have achieved the highest accolade in the dialysis world - the endorsement from dialysis users themselves.

Entry is restricted to Global Dialysis Member Centres that achieve 5 Star awards within a 12 month period. Ratings can only be left by logged in registered bone fide dialysis users and must be accompanied by a written review to count. This is to ensure that reviews and ratings are genuine.

5 Star Members will be able to display their 5 Star badges on their website whilst the 5 Star rating is current - and we will display it on their listing on the site.

We will have a special 5 Star Showcase so that dialysis users and centres will be able to see the centres rated highest by our users during that 12 months. We will feature these centres in our newsletters and blogs too.
